REC'D NOV 04 2019

good day,

Nova Durbovik, or other person as 'State Records Committee executive Secretary',

please find enclosed this Memorandum (A), further my original Grama Records Request, done for records stored / kept at the Juab County Sheriff's office and the Juab County Jail, both located @ 425 W. Sheep Ave dr Nephi, Ut 84648, directed to MRS Calloway, the records administrator of both entitys. I had sent these to be hand delivered to MRS Calloway on august 26th 2019.

after not receiving any response nor reply back for 12 days after these this request was hand delivered I had questioned about this to the Sheriffs office of Juab County. It was then stated that my Grama Request was passed along to the Juab County attorney, MR Ryan Peters. there was no notice nor reason thereof given to me for doing so, nor any notice that such was done. On September 11 2019 I received, at this jail, faxed response from MR Ryan Peters, the Juab County attorney, he basically denied each and all my Grama Request, flat out, as you can read on pages (9) + (10) + (11), here included. MR Peters randomly picked some random requests I had made to MRS Calloway, of the Juab County sheriffs office, he then denied each and every one as '63G 2-201 (10)' "being "Requester is an inmate and has made more than 5 ~~records~~ requests in a calender year". he then further states on several requests that '63G-2-201(1)(b)(i)-" already provided to requester through counsel. I am in need of these records, which I have requested and still am

needing to receive, due to having the need for the information in these records for purposes of a civil rights law suit which I am actively persuing in Court. I have No attorney/counsel in help or Hire to or for me in these matters and have been, and still am, severely hindered by these unfounded, ungrounded denials, let alone the never ending runaround these people have given me. There is No factual basis behind their reasons to deny my requests, there are no facts stated, Nor shown that state I do have these records given to me by anyone. I hereby state again that I need these records asap, as they are very much pertinent to my legal rights, both civil and constitutional. They are also very timely needed to persue justice for me. Further more, Mrs Calloway, then Mr Ryan Peters and finally Mr. John Crippen have picked and choosen which requests to answer to of the 22 I've placed in each appeal, plus the original. They have ignored most all, flat out, then just denied the rest, either for No valid reason or for ungrounded causes. I have not received any of these records (listed on pages (1) of (8) through (8) of (8), 22 in total, and severly need these records given in total compliance with 63G-2 Government Records access management act, as well as advice how to, and where to, file a complaint in regards to Mrs Calloway, Mr Ryan Peters and Mr John Crippen, for violating and neglecting their duties. THANK you very much for your time, I look forward to receiving these much needed, past due records I've requested... sincerely Cody A. Young
