REC'D MAY 08 2018

Nova Dubovik

346 S. Rio Grande

Salt Lake City, UT 84101

On the evening of 24 February 2018 my daughter, [redacted] made a phone call to Ogden/Weber 911. [redacted] I have asked for that 911 call and it has also been denied.

The reason for the denial is "The record contains medical, psychiatric, or physiological data about an individual." The truth is that I am the subject of the conversation and any medical, psychiatric, or physiological information is about me. Therefore the denial does not make sense.

The sixth amendment to the Constitution ***guarantees*** me the right to confront my accusers. [redacted] Hence, my appeal to you.

Nelson Brown
