Re: Records Appeal

Dear: Records Commitee,

I, Daniel Ortiz who is a prisoner in the Utah State Prison of the Utah Department of Corrections, hereby appeal the denial of my request for records by the Utah Department of Corrections. I believe I am entitled to these records persuant to United State Code, 5 U.S.C § 552 (1966) Freedom of Information Act. and persuant to UTAH CODE 63G-2-201.

the records I am requesting are the Utah Department of Correction's policies and procedures. These policies implicate me, as I am the subject of the administrative segregation imposed upon me by this policy. These policies also implicate my civil rights.

I, as the public have a right to the access of this information concerning the Departments Policies and procedures.

This information would not jepordize the security or safety of an individual or the correctional facility. The Utah Department of corrections has failed to support why or how the release of these policies would jepordize the security or safety any individual or correctional facility.

I request to have a full and complete copy of UDC DIOGO FD29 and the policy concerning the STG Administrative segregation between Surenos and Norfenos.

Attached is the denial of records request and administrative appeal denial dated 2/12/16.

Sincerely Daniel Ortiz 3/6/16
Daniel Ortiz
